Thursday 5th November 2026

Dear Parents/Carers,

As part of our reporting cycle, parents/carers with children in Year 1 to 6 will be receiving a brief report on Thursday 5th November 2026. This report will inform you of your child's current assessment in reading, writing and maths and their start of the year baseline, and will also show your child's current attendance percentage.

Depending on which year your child is in it will also show the key stage outcomes from EYFS and Year 2. Their phonic score may also be reported if they undertook the assessment at our school in Year 1 or 2.

The outcome of the EYFS baseline assessments will be shared with EYFS parents and carers at the parent/carer consultation appointments. EYFS reports will be sent home after your appointment so that parents and carers fully understand what the assessments mean.

This year these reports have been issued in black and white rather than colour in response to parent/carer feedback, whereby concerns were raised about the negative effect the colours may have had on pupils.

We hope you find these reports helpful and a good discussion point at your consultation with your child's teacher.

Yours sincerely,

Miss Abel

Assessment Lead and Deputy Headteacher
